Forecast for Monday 04 Nov 2024

Weather: Cloudy with a few spots of drizzle possible, especially over eastern hills. Best chance of any clearer or brighter spells expected across more western hills, especially in the afternoon.

Chance of cloud-free hill tops above 600m: Little chance for most, becoming around 60% in the west in the afternoon.

Low cloud and visibility: Periods or persistent cloud 450-600m, with patches below over eastern hills, the cloud perhaps occasional above 600-750m at times in the west, especially through the afternoon. Away from cloud visibility good falling to several kilometres in any drizzle.
